Located in El Sereno, just minutes away from downtown Los Angeles at the junction of I-5 and I-10 freeways, Burten Distribution has grown into a company that employs more than 25 people. While we still supply hundreds of shoe repair shops around the Western half of the United States, we also work with Shoe Stores, Podiatrists, Orthotics and Prosthetics Facilities, the VA's, Durable Medical Facilities and many other shoe and foot related industries. But, through all its growth and expansion, Burten Distribution has held fast to the few core principles that made it so successful to begin with: a DEVOTION to creating good, long-lasting relationships with our customers; an OBSESSION with great service and reliability; and a FIRM BELIEF that flexibility and growth foster the best possible business environments for our employees, customers, and the consuming public.
