Located in El Sereno, just minutes away from downtown Los Angeles at the junction of I-5 and I-10 freeways, Burten Distribution has grown into a company that employs more than 25 people. While we still supply hundreds of shoe repair shops around the Western half of the United States, we also work with Shoe Stores, Podiatrists, Orthotics and Prosthetics Facilities, the VA's, Durable Medical Facilities and many other shoe and foot related industries. But, through all its growth and expansion, Burten Distribution has held fast to the few core principles that made it so successful to begin with: a DEVOTION to creating good, long-lasting relationships with our customers; an OBSESSION with great service and reliability; and a FIRM BELIEF that flexibility and growth foster the best possible business environments for our employees, customers, and the consuming public.

The insole you treat like a sock, SoxSols are 100% machine washable and dryer safe, reusable inserts for sock less footwear which function as both an insole and sock.

SoxSols prevent sweat from being absorbed into the foot-bed. They also provide comfort and a snug, cushioned fit in sandals like Keen and Birkenstock; as well as closed sock-less shoes like Tom's and Top-siders.

# GILDEN TREE

"There is an inviting, almost magical aspect to every product that we make, and we work hard to make this so." - Kumy & Ann Thariani

The Gilden Tree product line is meant for day spas, therapy clinics and any other place where people can recuperate from the stresses of the world. The products use traditional healing ingredients like Aloe Vera, Jojoba Oil and Shea Butter, many of them

Certified Organic, which helps protect consumers, the environment and family farms. Their most important goal is to make high-quality products that really work.

Purchase all the products to fill it and you get an attractive rack to place on your counter. You have your choice of the tall rack or the shelf rack.

Health...Comfort...Performance...Together!

Allow you to receive the support and pain-relief you deserve any time of the day. You can sleep in your Ortho Sleeves to awake pain-free. You can easily slip on your Ortho Sleeve under any type garment... business suit, work clothes, gym clothes, socks... you name it. These products go where you go. We call this motion comfort.

This Compression Zone Technology uses graduated compression for vascular improvement or vascular safety. Ortho Sleeve products either give you circulation improvement or support without circulation interference, unlike most bulky orthopedic and sport supports.
